Cannabis Big Data provider New Frontier Partners with MJIC, Inc.

Washington – Frontier Financial Group Inc., the Cannabis Big Data firm, and leading provider of actionable intelligence and authoritative analytics, has announced a partnership with MJIC Inc., the Marijuana Investment Company. New Frontier and MJIC are joining forces to give investors a unique perspective on the cannabis industry.

“Investors across the country are looking for answers on how best to move forward in this blossoming industry. New Frontier is the only firm currently collecting and aggregating the various data sets necessary to provide comprehensive and factual answers. Because of the colorful nature of this industry, we spend a great deal of time ensuring the data and data sources are vetted before we ingest or analyze any information. This is one of the reasons why we are tremendously proud to be partnered with a firm of the caliber of MJIC, which brings forth a sophisticated team of professionals, excellent data, and a deep understanding about the sort of information that investors in the cannabis space are looking for,” said Giadha DeCarcer, New Frontier Founder and CEO.

MJIC, Inc.'s subsidiary MJIC, Media LLC, which owns the Marijuana Index, MJINews and other digital assets provides investors with the leading benchmark for measuring the global marijuana equity market. Partnering with New Frontier will give MJIC's clients much needed analysis of the burgeoning market to compliment with their trusted indices.

“We are truly looking forward to furnishing our investors with New Frontier's Big Data analysis to go along with our financial services. To make well thought out investments, clients need to look at the whole picture of the market. For example, what jurisdiction will legalize next, prices of strains, demographics of sectors and locations they are looking to invest in, historical market prices, comparables and so on. New Frontier can supply our users with much needed analytics about the industry and market guidance,” said Frank Marino, MJIC Chairman and CEO.

About New Frontier Financials:

New Frontier Financials is the first company to provide objective, sophisticated and comprehensive reporting for the nascent and underserved cannabis industry. New Frontier, the premiere Big Data shop in the sector, looks beyond the plant cultivation and distribution, to raise the industry bar and provide visibility into what will inevitably soon be a mature and more complex industry. New Frontier Financials is headquartered in Washington, D.C. For more information or media inquiries, please visit www.newfrontierfinancials.com or contact Gretchen Gailey at 202-489-3821 or ggailey@frontierfinancials.com.

About MJIC:

MJIC, Inc. is a professionally managed private holding company dedicated exclusively to sourcing, financing, and managing investments in the emerging legal cannabis industry. MJIC's portfolio is a combination of early stage ventures and operating businesses uniquely positioned to benefit from the end of marijuana prohibition. Its mission is to create opportunities for investors to join this frontier market in a way that responsibly manages risk and reward. MJIC seeks to position its shareholders to earn significant returns as cannabis matures into a legal and regulated industry nationwide. MJIC is headquartered in Lake Forest, CA. For more information, go to www.mjic.com.
